Trombone Supply Sheet

Instrument (Purchased through music store.)

- Yamaha YSL-448G (Large Bore F-Attachment)
- Bach 5G (Large Shank) Mouthpiece

Required Supplies (Purchased through music store.)

- Schilke Slide Grease
- J. Meinlschimidt #11 Oil
- J. Meinlschmidt #13 Oil
- Yamaha Slide Lubricant
- Mouthpiece Brush
- Standard of Excellence Book 1
- Wire Music Stand (for home use)
- Korg TM-60 Tuner/Metronome

Required Supplies (Purchased from your favorite store or online.)

- Box of Pencils (personal and for band only)
- Luggage Tag (to label instrument)

Required Attire (Purchased through band.)

- 2026-2027 Band T-Shirt
    - In Beginning Band, the uniform for performances is the band t-shirt and blue jeans.

Please keep in mind that we recommend student model instruments. “Hobby” model instruments are available for purchase from Amazon or Ebay***. We strongly encourage you to avoid these.*** Students in school band programs have a hard time with these instruments. We recommend the student models to ensure lasting success in band! Mrs. Hunter and Mr. Pisani are always available to chat about instrument makes and models.

The Creekside Band Program has an ongoing need for the following items for our multiple classrooms:

- Tissues/Kleenex
- Pencils
- Paper Towels
- Cleaning Wipes

We are all on the same team!

Music & Arts School Representative: Ted Williams
Address: 19335 Gulf Fwy #10
Store Phone: (281) 316-1724
Website: musicarts.com/rentals

NOTE: The instruments found on these sheets are the best recommended brands and models to obtain. They are very reliable and, most importantly, very durable. These brands and models are well known and will optimize your ability, growth, and learning.

Beware of buying instruments online. There are many instrument manufacturers that make extremely enticing and inexpensive instruments. Some companies even color their instruments red, green, blue, and black to attract customers as a gimmick. Though they may seem fine at first they can malfunction very easily and repair shops have been known to refuse repair due to cheap parts and un-repairability. **"If it's too good to be true, it probably is."**
