

Calling all Bakers for Fun Food Friday!

On **Friday, September 13th**, our campus will have our first “Fun Food Friday” of the year! A few times a year, all campus organizations are invited to serve food during lunch as a fundraiser. The band sells cake balls and cake pops, which are VERY popular on campus! We will sell each cake ball/cake pop for \$1.

We would love your help if you can make cake balls or cake pops! You can find a good basic recipe online (ex: <http://www.epicurious.com/recipes/food/views/basic-cake-balls-361550>). As a reference, we would like for the cake balls to be about the size of a ping pong ball.

For the outer shell of the cake ball, the band directors recommend the Ghirardelli brand of melting chocolate. It seems to melt evenly and it tastes great. There are other good choices too!

Please have your child bring the cake balls to the band hall on the morning of Friday, September 13th.

We welcome different flavors! Please label the flavor(s) that you send in. Kids seem to love the more “funky” flavors!

We have some faculty members and students that purchase these in bulk to bring home for their families. You are welcome to send an airtight container with your child if you'd like.

We encourage you to send some extra money with your child on September 13th to help support the different campus organizations. We recommend having them earn some money through extra chores!

Money earned for the band from this fundraiser will be used for private lesson scholarships, clinicians, supplies, and more.

Let us know if you have any questions. Thank you!

Mrs. Tran and Mr. Macias
