Beginner Trumpet Second Semester Testing Sequence

Students are encouraged to work ahead on your "Song Tests!" You may test at the end of class on scale test day, during advisory, or after school. Students may also send a video of you playing your song. The quality must be high enough for me to hear correct articulation. Mastery of each song is a grade of a "90" or higher; all students should continue retest (if necessary) until mastery is achieved.

Below are your song assignments along with the criteria along with ways to successfully practice at home!

Class solos and spring concert feature will be handed out during class before Spring Break. Please pay attention to due dates 😊
